

VOLUNTEER in *THAILAND* with Thai SVC & take a great opportunity to **VISIT** our beautiful country in the most meaningful way and at a very reasonable cost!

About Us

We are a handful of Thai Scientology Volunteer Ministers (VMs) joining forces to help improve our community in two core areas: community-betterment activities (mainly health & education) and disaster response. As a small group of people, we highly value extra hands and welcome you to join our fun and uplifting efforts, and together we can make real impacts on our beloved Thailand.

How It Works: Look, Decide, Act!

If you feel this is exactly what you are looking for, contact our representative in your country and apply for the program including paying your program fee. Once you arrive in Thailand, our team will pick you up at the airport and take you to our base in Chonburi, an hour east of Bangkok. You will spend about two weeks with us, volunteering, learning the Thai culture, and touring beautiful sites. Upon the completion of the program, our staff will take you back to the Bangkok airport. We guarantee you will return home with wonderful friendship, an unforgettable experience and a whole new perspective about life!

Volunteer Opportunities:

Our group has strong relationships with government, private organizations, and local leaders in several community-benefit activities. You will have a great chance to work in the following areas:

- Improve education for children.
- Take care of the elderly in public nursing homes.
- Teach English to villagers.
- Construction projects.
- Learn disaster response tools and teach those tools to local volunteers such as rescuers, boy scouts, or public health volunteers, and much more.

Program Duration & Fees: Our programs last approximately two weeks. The fee is 1,200 USD which includes: Accommodation, food, in-country transportation, t-shirts, project equipment such as building materials, educational materials, souvenirs for the elderly, etc., and excursions/ sightseeing trips. The fees do not cover visa, flight tickets, admission fees for tourist sites, and medical and personal expenses.

Why Do We Charge?

Your fees keep our group activities going and allow us to help more and more people. 50% of participant fees are spent directly on the participant's program as indicated above. 25% is used for our staff members, food and transportation for our local volunteers, administration and overhead expenses. The remaining 25% goes back to our volunteer projects nationally such as disaster relief, healthcare and education improvements.

Why Join Our Programs?

1. *Real Impact:* Our volunteer programs are based on actual community needs. You can be sure that your volunteer time and efforts with us will really make a difference to our community.
2. *Help others while improving yourself:* Our group studies, uses, and teaches an effective series of L. Ron Hubbard applied knowledge about life and community betterment such as how to study, how to solve conflicts, how to solve drug problems and much more. By volunteering with us, you will learn these techniques to help others and in turn increase your own life skills and future success.
3. *Safety:* We provide our participants a safe and comfortable dormitory with 24-hour security plus standard transportation and healthy meals.
4. *Great opportunity to visit Thailand:* Thailand is home to a rich culture, friendly people and amazing scenery, with **Bangkok**, its capital city, **ranked the 2013 top tourist destination worldwide** according to MasterCard Global Destination Cities Index. Unlike other volunteer-travel programs where you take care of your own sightseeing activities, our group arranges 3-4 days of sightseeing depending on the duration of your stay.
5. *Reasonable price:* You can enjoy all of the above at a very reasonable price. Just pack your bag and fly to Thailand. We have all of the rest covered for you until you return home.

Who Can Participate? Scientologists or non-Scientologists age 18+ with good understanding/training in Scientology. Those under 18 need to be accompanied by an adult guardian. We take a maximum of 8-10 people at a time.

Success Stories

"The whole trip was so impressive. Exchange takes place despite different cultures and different languages, through the most universal language in the world—genuine smiles. We had great fun dancing, singing and playing basketball with the cute children at the school we visited." 18 year-old volunteer, Taiwan

"Meeting the elder and helping them in the nursing home gave me spiritual happiness... The Assist technique not only helped them relax but also brought us lots of joy. The City farm is a beautiful and tranquil place that we seldom see in Taiwan except in rural areas. The people there were so nice and they made so many handicrafts for us. There, I saw the pure heart of the Thai people." 18 year-old volunteer, Taiwan
